Erratum to: Health inequality in the Russian federation: an examination of the changes in concentration and achievement indices from 1994 to 2013

Pavitra Paul* and Hannu Valtonen

Unfortunately, after publication of this article [1] it was noticed that there were two errors. The final line of the Background section should read, “Our data is unique in the sense that we follow the same individuals over a 19-year period.” The first line of the 4th paragraph of the Methods section should instead read, “Our dependent variable for the analysis is self-perceived (self-assessed) health (SAH).”
